We have six practices across Sydney and have plans for more. We'll certainly continue to engage TL Building for our fit-outs. The communication from TL is always excellent and we've never had a project completed late.

Who will you deal with?

One of our secrets of project success is that you'll deal with the Managing Director, Todd Lester. From quotation to finished project, he'll personally manage the entire job for you and guarantee A1 craftsmanship, efficiency and reliability... every time!

This also guarantees a clear, uninterrupted line of communication!

With TL Building there are no unnecessary links in the chain. You'll be given progress reports as required and if you ever have a question, it will be answered quickly by the Managing Director... there's no waiting for your enquiry to go through other hands!

Make sure your next commercial fit-out project is done on time, on brief and on budget.
